

Network Camera-V5.7.13_SP2 Release Note-G5 (2023-07-06)

Firmware Basic Information	Firmware version:	V5.7.13_SP2 build230706
----------------------------	-------------------	-------------------------

New Features

Modify Function

1. Fix the problem of memory leakage due to frequent configuration of perimeter events/ face capture.
2. Fix the problem of customized voice over power consumption burns out speakers.
3. Fix the problem that neither IR nor white light will turn on when the ambient brightness suddenly becomes dim in an event-triggered situation in smart mode.
4. Fix the problem that missed event alarms at slow shutter speed.

Exposure Time: support 1/3, 1/6 in Monitoring mode; can only support a maximum exposure time of 1/12 in Smart Event mode.

5. Smart mode optimization:

(1) After the white light -> IR light switching, in order to reduce false alarm, the previous version took 10s to make sure the screen is stable. However, 10 seconds is too long and may cause missed alarms during this periods. So this version reduced to 4s.

(2) The target detection box turning red does not necessarily trigger the white light on in the previous version, this is because the confidence level of these two things are not consistent. For the sake of uniformity in event presentation, this version is modified to consistent judgment logic.

Customer Impact and Recommended Action

This update refers to function/compatibility improvement and will take effect automatically after the Date of Change. We are very sorry for any inconvenience of use-habit changes caused by this action.

For any questions and request for this firmware, please contact our local technical support team.

Remarks:

- Hikvision reserves the right to change, alter or withdraw the above notification without prior notice.
- Product design and specifications are subject to change without prior notice.
- The Hikvision firmware may contain errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.
- Hikvision is not liable for any typing or printing errors.
