

Network Camera Firmware Version: V5.7.71

Release Note

Firmware Basic Information	Firmware Version:	V5.7.71 build220121
	SDK Version	HCNetSDKV6.1.7.5_build20210317
	iVMS4200	V3.5.1.2 build 20210519
	NVR	DS-7732NI-Q4/16P V4.30.085 build 210409 iDS-9632NXI-I8 / 16S(B) V4.50.000 build 210125

1. New Features

- Newly support CC mode.

You can enter device web page- Configuration- Security- Advanced Security to Enable Security Reinforce.

The screenshot displays the Hikvision web interface. On the left, a navigation menu includes 'Local', 'System', 'System Settings', 'Maintenance', 'Security' (highlighted), 'User Management', and 'Network'. The main content area shows the 'Advanced Security' configuration page. Under 'Security Reinforce', the 'Enable Security Reinforce' checkbox is checked. Under 'Control Timeout Settings', the 'Enable Control Timeout' checkbox is also checked. A slider for 'Timeout' is set to 15 minutes.

Note:

1) This version does not support downgrading.

2) If you want to upgrade CC version, please contact technical support team to obtain the CC package.

2. Improved Features

- Fixed the core issue when upgrading CC version.
- Fixed the issue that the core file appeared abnormally on the device when the ninth area of smart events (Intrusion detection, Line crossing detection, Region entrance detection, Region exiting detection) was configured after smart rule visualization was enabled.
- Fixed the issue that the device runs OOM for a long time.
- Fixed the issue that metadata is not displayed after smart encoding is enabled.
- Fixed the issue that IPC failed to connect directly to NVR through POE.

Customer Impact and Recommended Action

This update refers to function/compatibility improvement and will take effect automatically after the Date of Change. We are very sorry for any inconvenience of use-habit changes caused by this action. For any questions and request for this firmware, please contact our local technical support team.

Remarks:

- Hikvision reserves the right to change, alter or withdraw the above notification without prior notice.
- Product design and specifications are subject to change without prior notice.
- The Hikvision firmware may contain errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.
- Hikvision is not liable for any typing or printing errors.
