2.3 Operation and Maintenance

2.3.1 Added Features

- When the disk space is less than 5 GB, there will be an icon and prompt message shown on the upper-right corner of the Client.
- In the Auto Backup window, you can set the custom retention time to back up data. If time exceeds the custom retention time, the backup data will be deleted at the configured time.

3. Optimized the password protection questions for setting password.

Chapter 3 Resolved Issues

The following are issues resolved in this version.

Because the Client initializes in an asynchronous mode, initializing permission components failed in some computers.
