HIKVISION

How to Configure Cloud Storage by Web Browser

Purpose:

The cloud storage facilitates you to upload and download the recorded files at any time and any place, which can highly enhance the efficiency.

Note: Cloud storage is only applicable to HQHI-F/N and HUHI-F/N, and all – K series DVR.

Steps:

1. Log in the device in web browser.

2. Enter the *configuration->storage->storage management->cloud storage,* choose Cloud Type and click *Get.*

HIKVISION	Live View	Playback	Picture	Configuration		
🖵 Local	HDD Manag	ement Net HDD	HDD Detection Cle	oud Storage		
System	Enable	e Cloud Storage				
Network	Cloud Typ	e One	Drive	► Get		
Video/Audio	Authorizat	ion Code

Advanced Settings	Channel N	lo. Anal	log Camera1	~		
Ri Vehicle Detection	Upload Ty	reco	ord	~		
CA VCA	Enable Ev	ent Upload				
	E	皆Copy to	B Save			

3. After click the *Get*, it will turn to sign in page, then sign in your account of cloud storage.

1 🧥 🕼 🗧 🖉 5 👂							
Sign in							
Use your Microsoft account. What's this?							
Email or phone							
Password							
Keep me signed in							
Sign in							

4. After signing in your account, it will show the message below. Click **ok** and copy the code from address bar as picture shows.

No account? Create one!

Note: it is only for OneDrive; for Google Drive and Dropbox, it will return the code directly.

5. Input the code and *save*. Then it is online.
